EDUCATION

Birla Institute of Applied Sciences, Bhimtal	Aug. 2019 – June 2023
B.Tech in Computer Science and Enginnering	*Percentage - 78.8*
Koormanchal Academy, Almora	Feb. 2018 – Feb. 2019
Senior Secondary Education (ISC)	*Percentage - 89.8*
Koormanchal Academy, Almora	Mar. 2016 – Dec. 2017
Higher Secondary Education (ICSE)	*Percentage - 82.4*

EXPERIENCE

Software Engineer Intern   Dec. 2022 – Present
Auriss Technologies   *Remote*
- Revamped and implemented the risk analysis and monitoring user interface using ReactJS.
- Designed the user and admin-based dashboard interface for pods and nodes monitoring using *Role-based routing.*
- Implemented state management using *React Context API, PrimeReact, and useQuery* library.
- Developed search, filter, and other functionality on the dashboard.

Web Developer Intern   Sept. 2022 – Oct. 2019
College Ranker   *Remote*
- Designed and developed fully responsive single-page applications using *ReactJs* and *Bootstrap.*
- Recommended and introduced improvements to new and existing features.

PROJECTS

Turbo Clothing | *React, Redux, Firebase, Sass, Stripe*   Oct. 2022 – Dec. 2022
- Developed an e-commerce website that facilitates users to create an account or log in, to add, update and remove the products to and from the cart, and to check out using Stripe (in test mode).
- Used React in front-end, Redux for state management, Firebase as the database, Sass for styling, and Stripe for payment.

Covid-19 Tracker | *Bootstrap, ReactJs, API*   June 2022 – July 2022
- Users can view the current confirmed, recovered, and death cases of Covid-19.
- Provide information about 29 Indian states and over 100 countries provided in the text and graphical format in real-time.
- Axios library is used to fetch the data from API, and several third-party packages are also used to improve the user interface.

Chat Application | *ReactJs, NodeJs, Socket.io*   Jan. 2022 – Feb. 2022
- A chat application built for real-time chatting where users can chat with each other in private or form groups to chat with multiple people simultaneously.

TECHNICAL SKILLS

Languages: Java, C++, MySQL, JavaScript, HTML5, CSS3
Libraries and Framework: React, Redux, NextJS, Node.js
Developer Tools: Git, VS Code, Firebase
Academic Coursework: Data Structures and Algorithms, OOPS, DBMS

EXTRA CURRICULAR ACHIEVEMENTS

- Completed SQL (Basic) certification from Hackerrank.
- Completed JavaScript Algorithms and Data Structures from freecodecamp.
- Volunteered to create awareness about the COVID-19 pandemic and its vaccination which ensured the well-being and good health of the citizens.
- Represented Uttarakhand Technical University at North Zone Basketball Tournament.
- Secured Runner-up position in UTU Basketball Tournament among 8 teams.
